Rev. 1

QUARTZ

*affordable surfaces, curated for:* Builders | Multifamily | Hospitality

## ALBATROS

2cm | 3cm

Albatros has subtle warm-toned veining that gives it a marble inspired style of its own, allowing it to work harmoniously with both bold and neutral hues.

## EQUINOX

2cm | 3cm

Equinox delivers a classic marble look with a neutral white base and bold grey-taupe veining. Embracing positive and negative space, it evokes the year's longest and shortest days – with everyday livability.

full slab shown

## SNOWFALL

2cm | 3cm

Snowfall evokes a fresh winter scene. Its beautiful alabaster cast captures ambient light for a perfect backdrop, with no veining and a uniform small grain look.

## HIGHLAND

2cm | 3cm

Highland draws inspiration from timeless Carrara looks – marbles quarried for centuries from mountains in Italy's Massa province, in the rarified and breathtaking northernmost tip of Tuscany.

## ARCTIC

2cm | 3cm

Arctic is the epitome of simple elegance with a very consistent white makeup. Arctic has no veining and easily transitions design concepts room to room.

## ICELAND

2cm | 3cm

Iceland is bright and exhibits a tight grain structure, serving as an inspiring neutral backdrop. Like densely packed glacial ice, it brings an ageless Scandinavian aesthetic that seamlessly supports any decor.

## GREIGE STONE

2cm | 3cm

Greige Stone anchors any space with the natural charm of its grey stone look. Highly uniform yet full of nuance, it offers hints of beige tones for timeless appeal.

## VIKING

2cm | 3cm

Viking is reminiscent of fearless Norse warriors, with its iron-grey background and impenetrable grain. Meanwhile, wispy lighter grey veins evoke swirling seas and complex, brooding personalities.
